ACADEMICS

Children learn reading, language arts, science, math, social studies, social/emotional skills, and physical education through art and play. Our educational curriculum is built off of Louisiana's Birth to Five Early Learning Development standards, which guide our students through our program to leave ready for kindergarten.

Biblical

As a preschool ministry we also strive for our students to grow up making wiser choices, building stronger relationships, and developing deeper faiths. One of the ways we do this is by implementing First Look into our program. First Look is a weekly, web-based preschool ministry curriculum designed for infants through 5-year-olds. This curriculum provides us with the tools for both school AND home to give kids a faith that will last forever and make our school a place they want to be.
